

Traditional Featherboard

Jacksons Fencing

Traditional Featherboard is also known as Closeboard or Featheredge fencing. Supplied in kit form and constructed on site Traditional Featherboard is constructed with either 2 or 3 rails (depending on the height).

- All timber used throughout is superior quality Jakcure® treated softwood guaranteed for 25 years.
- All fixings are stainless steel.
- Gravel boards are required where fencing is in contact with the ground.
- Rails have an attractive angled edge and are precision sawn, resulting in a neater finish and increased strength.
- Taller panels constructed from three rails for extra strength.
- Suitable for sloping ground, if desired.

Specification

Fencing Heights: 1.05m, 1.20m, 1.35m, 1.50m, 1.65m, 1.80m, 1.95m

Pales: 2ex 100mm x 22m nominal section board, planed to finish at 19mm thick.

Rails: 2.40m x 87mm x 37mm weathered

Post Heights: 1.80m, 2.40m, 2.70m

Capping Rail: 2.40m kit with fixings, planed timber capping rail, with counter rail and two L shaped brackets.

Nails: galvanised 75mm nails for attaching rails & gravel boards, stainless steel 50mm nails for attaching pales

No cut down kit is required when reducing the width of this fencing but always use Jakcure® Cut Treatment on cut timber.

Gates

Featherboard gates have a Jakcure® treated softwood sawn finish and are constructed with galvanised bolts and stainless steel nails. Right hand hanging 1m wide as standard (left hand hanging and different widths also available but may require slightly longer lead times).

Standard Gate Heights: (without capping) 1.15m 1.45m 1.75m 1.90m

Standard Gate Widths: 0.9m & 1m

Elegantly designed to match Traditional Featherboard

Capping rail as standard on gate top

Galvanised ring latches and adjustable hinges.

All fixings and fittings are galvanised or stainless steel.

Non-standard gates with custom width / heights are available as a special order and are also available as pairs (size restriction applies).
